This report is made solely to the shareholders of UTV Games Ltd, the "Company", as a body in accordance with section 205 of the Mauritius Companies Act 2001. Our audit work has been undertaken so that we might state to the Company's shareholders those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's shareholders as a body, for our audit work, for this report, or for the opinions we have formed.

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Directors, as well as the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

3. ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these financial statements are set out below:

(a) Basis of preparation

The financial statements are prepared in accordance and compliance with the International Financial Reporting Standards. The financial statements are prepared under the historical cost convention, as modified, wherever applicable, by the revaluation of financial assets and liabilities at fair value through the statement of comprehensive income.

The preparation of financial statements in accordance with International Financial Reporting Standards requires the directors to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

(b) Going concern

The financial statements have been prepared on a going concern basis, which assumes that the Company will continue in operational existence for the foreseeable future. The validity of this assumption depends upon the continued support of the shareholder.

Revenues are recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. The following specific criteria must also be met for revenue recognition:

Other revenues

Difference in exchange thereon is recognised in the statement of comprehensive income.

(e) Investment in subsidiary

Investment in subsidiary is shown at cost. Where an indication of impairment exists, the recoverable amount of the investment is assessed. Where the carrying amount is greater than the estimated recoverable amount, the investment is written down immediately to its recoverable amount and the difference is charged to the statement of comprehensive income.

On disposal of an investment in a subsidiary, the difference between the net disposal proceeds and carrying amount is charged or credited to the statement of comprehensive income.

(f) Cash and cash equivalents

Cash comprises cash at bank. Cash equivalents are short term and highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.
