

## SOHA-KUNAL

# Agony aunt and uncle, really!

**O**f all people, guess who will be appearing on *Superstar Santa* to play agony aunt and even an agony uncle? My friend **Candy** insists it's none other than **Soha Ali Khan** and her beau **Kunal Kemmu**. What? He says it's true that they have shot an episode of the show together (no other couple has done that till now) where they've tried to sort out another couple's relationship issues together. Tssk! *Yeh kya ho gaya?* What's wrong with the world? Soha, who has nothing to speak about, except her brother's impending wedding and Kunal, who just tags along wherever she goes, as if she was Mary and he, the little lamb...! If these two are the agony aunt and uncle, I don't want to know whose problems they're sorting out...

Infact, if they were so good, I'm sure there are other problems in their own lives that they should have sorted by now. Tsk! Sometimes, such is life, dearies!
